Electronic Tape Dispenser SAE-75

The SAE 75 is an electrical tape dispenser for self-adhesive tape. It is the evolution of Babymatic and Babymatic Clear dispensers.

The difference is that the SAE 75 operates with all self-adhesive tapes that are commercially available.

Characteristics:

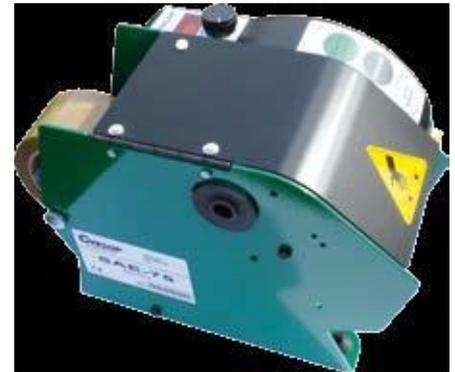

- Processes all self-adhesive tapes: i.e. PP, PVC, non reinforced, reinforced, transparent, clear
- Display for length selection
- Automatic cut-off device: Dispenses tapes automatically in the pre-selected length
- Double insulation
- Steel frame with painted, honed and with galvanised parts against corrosion

Technical Data:

Tape width:	15 - 75 mm
Tape lengths, adjustable:	50 - 1300 mm
Inner core:	76 mm
Roll diameter:	190 mm (equivalent to 330 mt running length)
Operating Voltage Europe:	230 V, 50 Hz, 1 Ph, 50 VA
USA:	115 V, 60 Hz, 1 Ph, 50 VA
Control voltage:	24 V DC
Dimensions:	approx. 155 x 270 x 205 mm
Weight:	approx. 6 kg net

Advantages:

- ⇒ Flexibility: due to pre-selection of length (1 pre-selection Length, 1 Endless length)
- ⇒ Simple operation with display (selection of length)
- ⇒ Reliable (improved cut-off device and repeater)
- ⇒ Small and compact
- ⇒ Innovative

Self-adhesive tapes

The well approved devices include high-quality self-adhesive tapes.

Cyklop provides a wide range of reinforced and not reinforced quality tapes for every application

	Basic material	Width (mm)	Length (m)		blauwinn	transparent	weiß		
Self-adhesive Not reinforced	PVC	50	66		•••			Self-adhesive Non reinforced
