

Tape Dispenser Babymatic

Electronic tape dispenser for pressure sensitive tapes with display and automatic cut-off device

Electronic tape dispenser Babymatic II

Advantages

- Dispenses pressure sensitive tapes in pre-selected lengths
- Ideal for repetitive industrial production processes whenever identical pieces of tape in sequence are needed
- It works with tapes from 1/2" to 3" wide
- Compact and reliable
- With repeater
- Works with opaque tape; clear tape model available

Technical data:

- All DC running motor, top heater and control circuits - 24 Volts needed
- Double insulation
- Fully protected parts for better operation protection
- Cuts pressure sensitive tape: plain, reinforced, duct, masking, PVC, PP, clear (with 'CLEAR' version)
- Metal frame with painted and burnished and zined parts against corrosion
- Digital display size pre-setting with electronic control of tape length
- Dispenser in conformity with EEC rules

Weight: approx. 13,2lbs
Dimensions: approx. (W)6" x (L)10,6" x (H)8"
Power supply: 115V-60 Hz one-phase VA

Pressure sensitive: Outside diameter: 7.5" max approx. 360 yds
Inside diameter: of standard packing tape
Tape width: from 0,6" to 3"
Tape length: from 2" to 51"
